15 Milton Avenue,

Toronto.

Dear Sir:

I have to thank you for having sent me copies of the two sections of your great work "Canada and its Provinces". I have read both the articles , that by Mr. T. G. Marcus on "English Canadian Literature", and that by Abbe Camille Roy on "French Canadian Literature". They have been very interesting to me, and by their brief survey have outlined clearly the course of our literature. Wishing you every success in your work, and in the work that has been undertaken,

I am,

Yours sincerely,

President.
